

YEAR 1				
Basic Training				
	Subject Code	Subject	Unit Code	Supporting Unit
Semester 1	PH I	Basic Sciences 1	Y1S1U1	Venous Anatomy 1- Lower Limbs
			Y1S1U2	Venous Anatomy 2- Other Body Parts
			Y1S1U3	Venous Physiology and Pathophysiology
			Y1S1U4	Vascular Biology
	PH II	Clinical Sciences	Y1S2U1	Clinical Diagnosis, Morphology and Classification
			Y1S2U2	Skin Manifestations of Chronic Venous Disease
			Y1S2U3	Diseases with Telangiectatic Manifestations
			Y1S2U4	Lower Limb Ulceration 1
SEMESTER BREAK				
Semester 2	PH III	Venous Interventions 1	Y1S3U1	Sclerosing Agents
			Y1S3U2	Biologic Interactions of Detergent Sclerosants
			Y1S3U3	Sclerotherapy Techniques
			Y1S3U4	Adverse Effects and Complications of Sclerotherapy
	PH IV	Patient Management	Y1S4U1	Formulating a Management Plan- General and Specific Measures
			Y1S4U2	Assessing the Risk of VTE
			Y1S4U3	Ordering and Interpreting Venous Duplex Studies
			Y1S4U4	Informed Consent, Medicolegal and Ethical issues
	CR I	Course Review 1	CR I	Course Review and Clinical Quiz
